Programme: (3) Market Management and Hawker Control

Controlling Officer: Director of Food and Environmental Hygiene

Question:

Regarding the indicator for "hawker blackspots", what are the criteria adopted by the Department in identifying these hawker blackspots? Please list by district the hawker blackspots in the territory.

Asked by: Hon. TANG Ka-piu

Reply:

For better deployment of hawker control resources, the Food and Environmental Hygiene Department conducts quarterly surveys to identify and update hawker blackspots. Whether a certain location is classified as a hawker blackspot depends on the number of unlicensed hawkers trading at the location at any one time of the day during the survey.

A breakdown by districts of the hawker blackspots in the territory is provided at Annex.
