The Food and Environmental Hygiene Department does not keep separate statistics on the manpower involved in each hawker control operation or operation against hawker blackspots, which depends on the circumstances specific to each case. The number of raids and the expenditure on hawker management in the past 5 years is given below –

<b>Calendar year</b>	<b>No. of raids</b>	<b>Financial year</b>	<b>Expenditure on hawker management (\$ million)</b>
2013	118 894	2013-14	912.1
2014	124 684	2014-15	951.8
2015	116 702	2015-16	1,025.2
2016	117 045	2016-17	1,108.8
2017	120 059	2017-18	1,083.6 (revised estimate)

There is no further breakdown of the expenditure involved in conducting raids or action against hawker blackspots.
