Reply:

1. The Government issued the first draft of the "Resource Handbook for Bazaar Application" in Chinese, which sets out the general requirements for the permits or licences involved in holding bazaars, to the Legislative Council Subcommittee on Issues Relating to Bazaars on 6 November 2017. The Government will take into account comments from relevant departments and stakeholders and update the Handbook to provide interested parties with a handy reference to holding bazaar activities.
2. & 3. Staff of the Food and Environmental Hygiene Department (the Department) involved in the processing of applications for holding bazaar activities which require a Temporary Places of Public Entertainment Licence and/or Temporary Food Factory Licence are also involved in other duties. The Department does not have a separate breakdown of the expenditure, manpower and respective ranks involved in bazaar-related work.
