

List of Resource Centres

The Department operates two Resource Centres, namely Health Education Exhibition and Resource Centre (HEERC) and the Communication Resource Unit (CRU) under the Centre for Food Safety.

HEERC arranges group visits and guided tours for schools, elderly centres, other non-government organisations and the public, as well as conducts talks and outreaching activities regularly.

The CRU maintains a collection of food safety related promotion resource materials and conducts regular education programmes throughout the year. It also entertains requests for organised visits and food safety talks, and provides loan service of resource materials, exhibition boards and audio-visual resources for schools, community centres and other interested public.
